

Zündbox - Ersatz für ältere KTM Modelle / CDI replacement for older KTM models

Durch eine Vereinheitlichung der Zündboxen, wird es nach Aufbrauch der ursprünglich hinterlegten Zündboxen nur noch die neue programmierbare Zündbox verfügbar sein. Bitte nutzen Sie bei Bedarf einer Zündbox für eine ältere KTM die unten aufgeführte Tabelle. Wenn der ursprüngliche Typ nicht mehr lieferbar ist, bestellen Sie bitte den **Umrüstkit (54839031099)**, die **neue Zündbox und die entsprechenden Adapterkabel**, wie in der rechten Spalte aufgeführt. Dem Umrüstkit ist Anleitung beigegepackt, die auf die geänderte Montage hinweist.

Due to the standardisation of the ignition box, we will be discontinuing the original one so only the new programmable ignition box will be available. If required, please use an ignition box for an older KTM from the table below. If the original type is no longer available, use the **retrofit kit (54839031099)**, the **new ignition box and the corresponding adapter cable** as shown in the right column. Instructions are included with the retrofit kit with reference to the different assembly.
